۱	<p>متن زیر را بخوانید و به سوالات مربوطه پاسخ دهید.</p> <p>A dictionary is a book which explains the meanings of words and expressions. You can find words easily because dictionaries put them in alphabetical order. The word 'dictionary' comes from the Latin 'dictio' ('saying').</p> <p>There are several types of dictionaries. Dictionaries which explain words and how they are used; dictionaries which translate words from one language to another; dictionaries of biography which tell about famous people; and technical dictionaries which explain the meanings of technical words.</p> <p>A complete dictionary also tells you about the origin of words and the story behind them. For example, the words like 'pajamas', 'bazaar' and 'paradise' entered English from Persian.</p> <p>Questions;</p> <p>24. Why we find words in a dictionary easily?</p> <p>25.
